

# Infinite Fuels GmbH

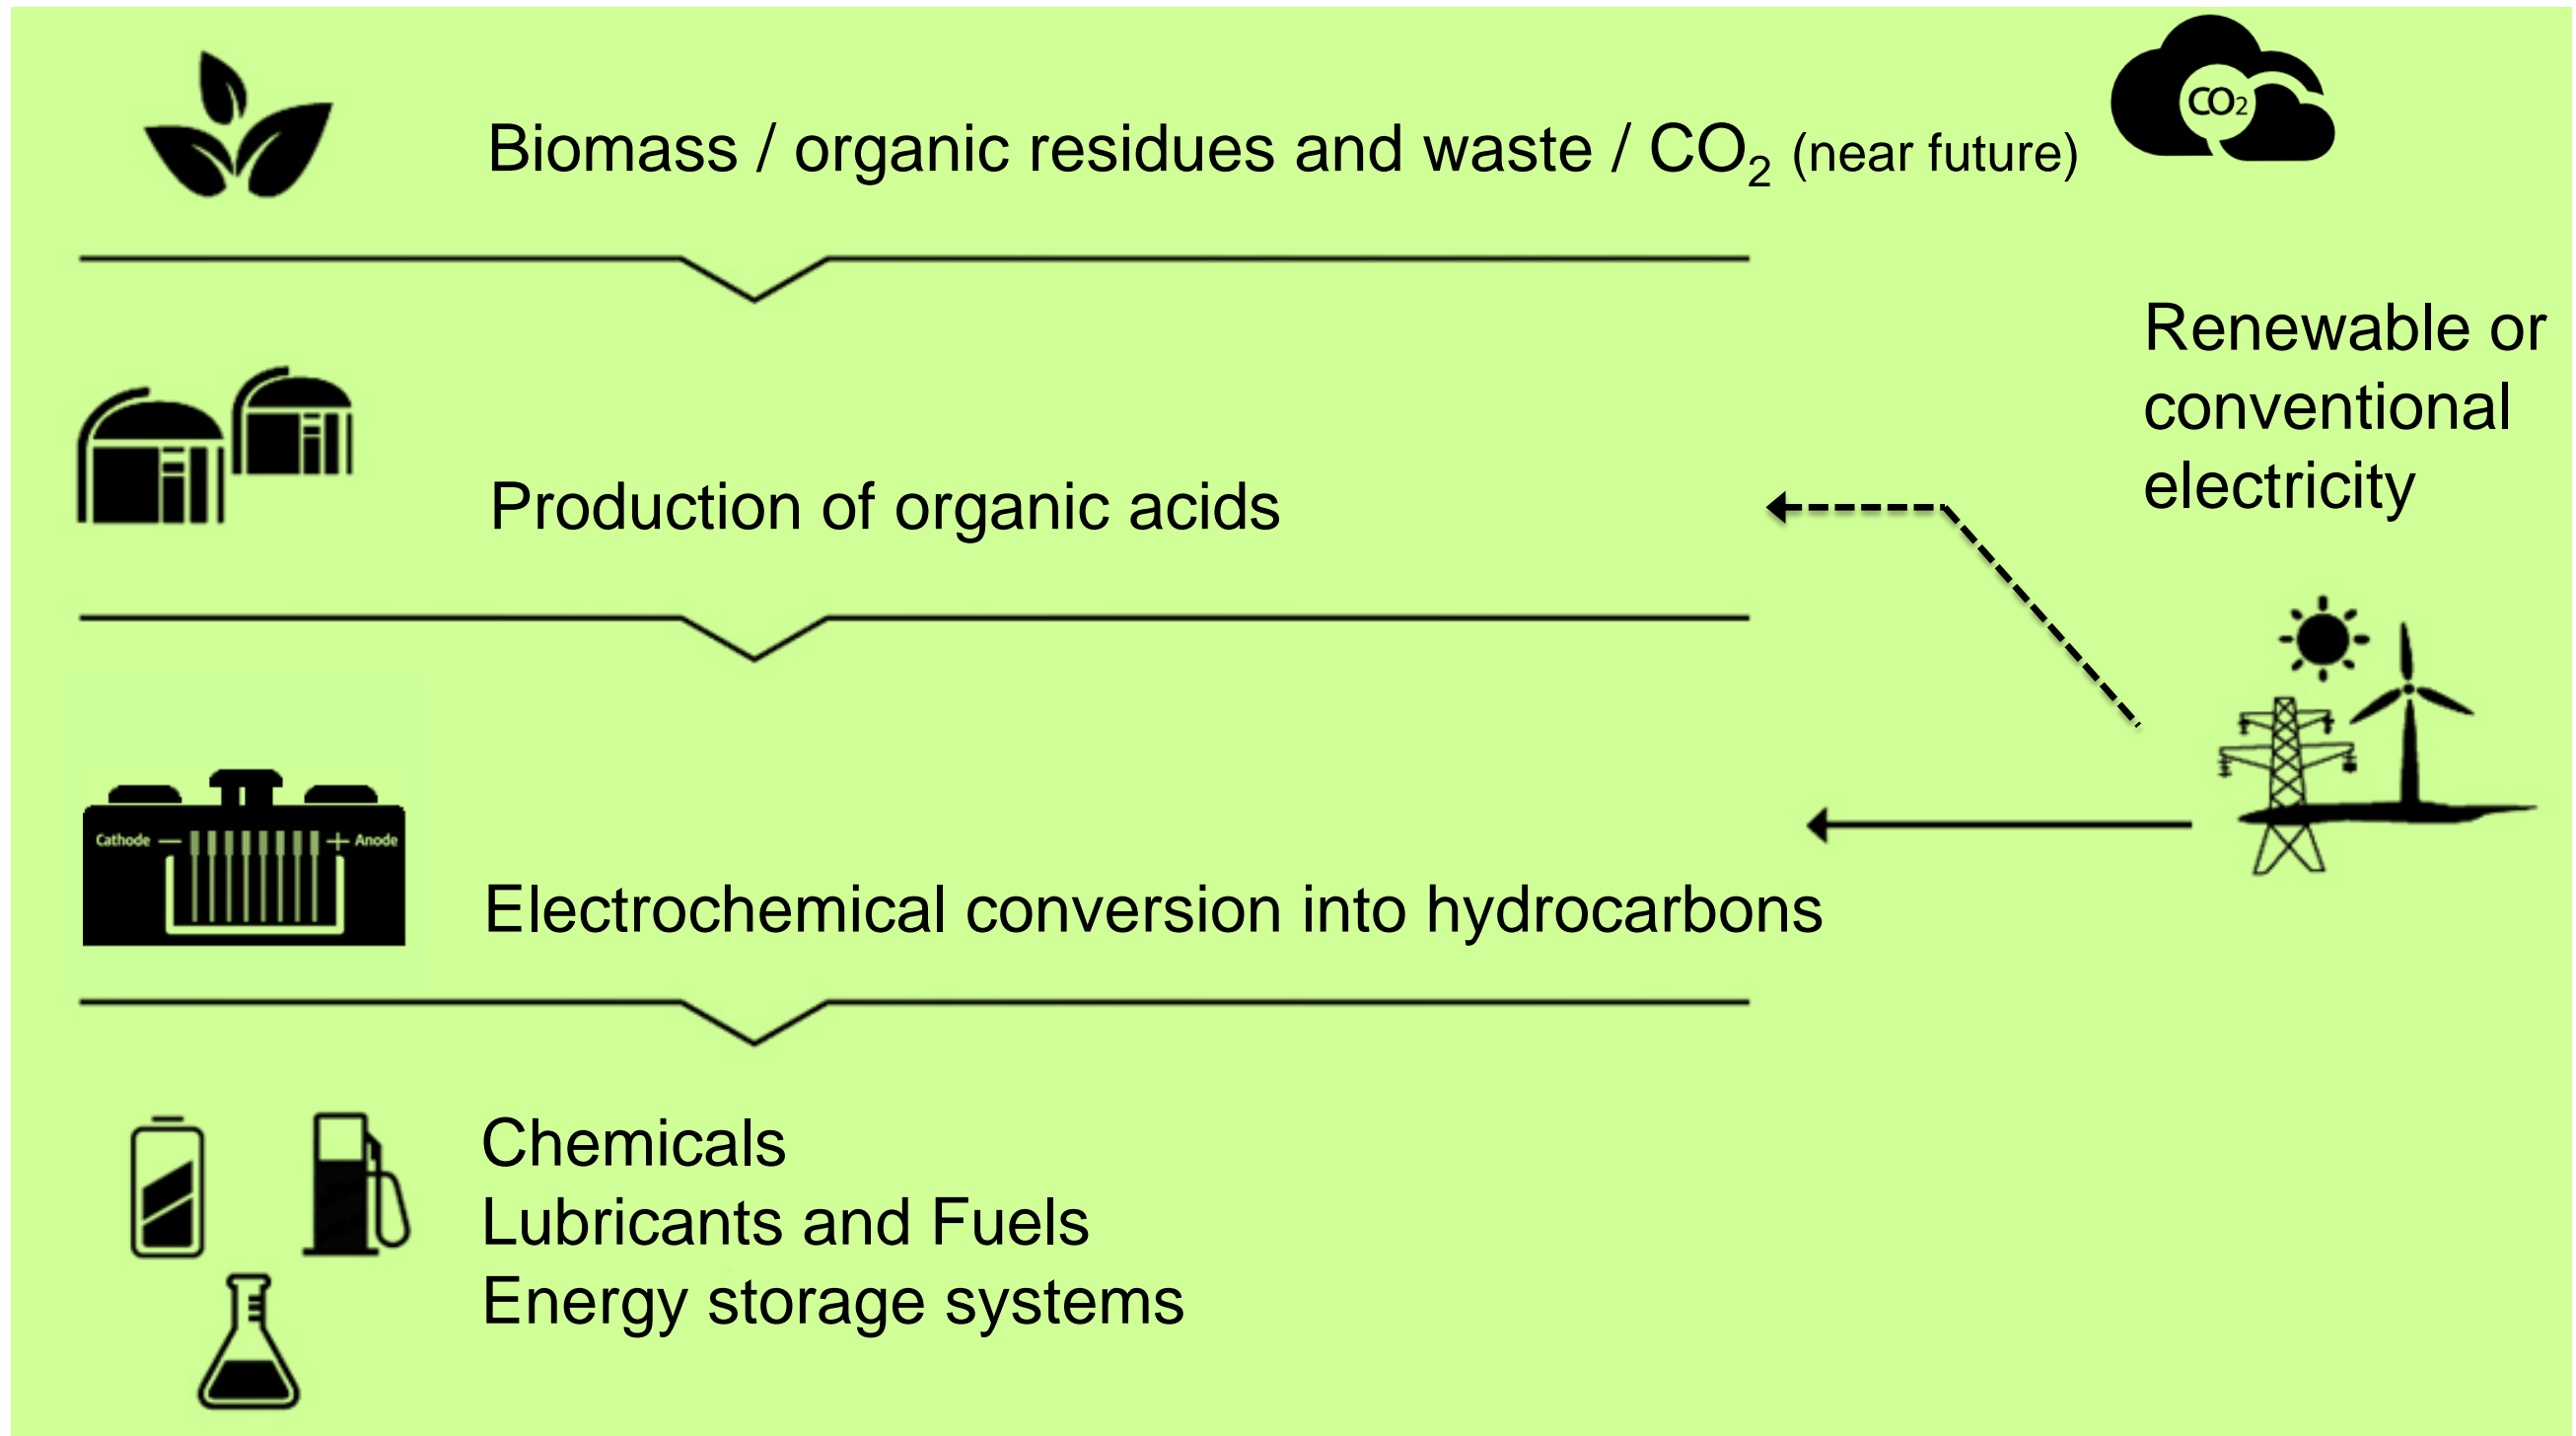

Sustainable Hydrocarbon Production

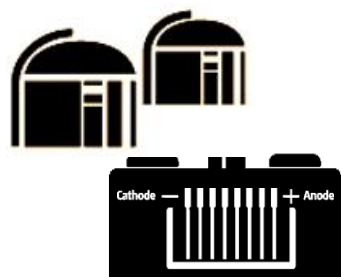

Walter Vanselow, Vice President Technology

21 – 22 October 2015, The Business Booster / Berlin

# A unique process combination

## Product Markets

- Hydrocarbon production plants (selling on license basis)
- Organic acids production plants (e.g. special fermentation plants)
- Energy storage systems

- Raw materials for the chemical industry (solvents, light petrol, lubricants, basic chemicals, ect.)
- Fuel and fuel components (gasoline, kerosene and diesel)
- Fuel additives (e.g. diesel cetane enhancer)

## Services Markets

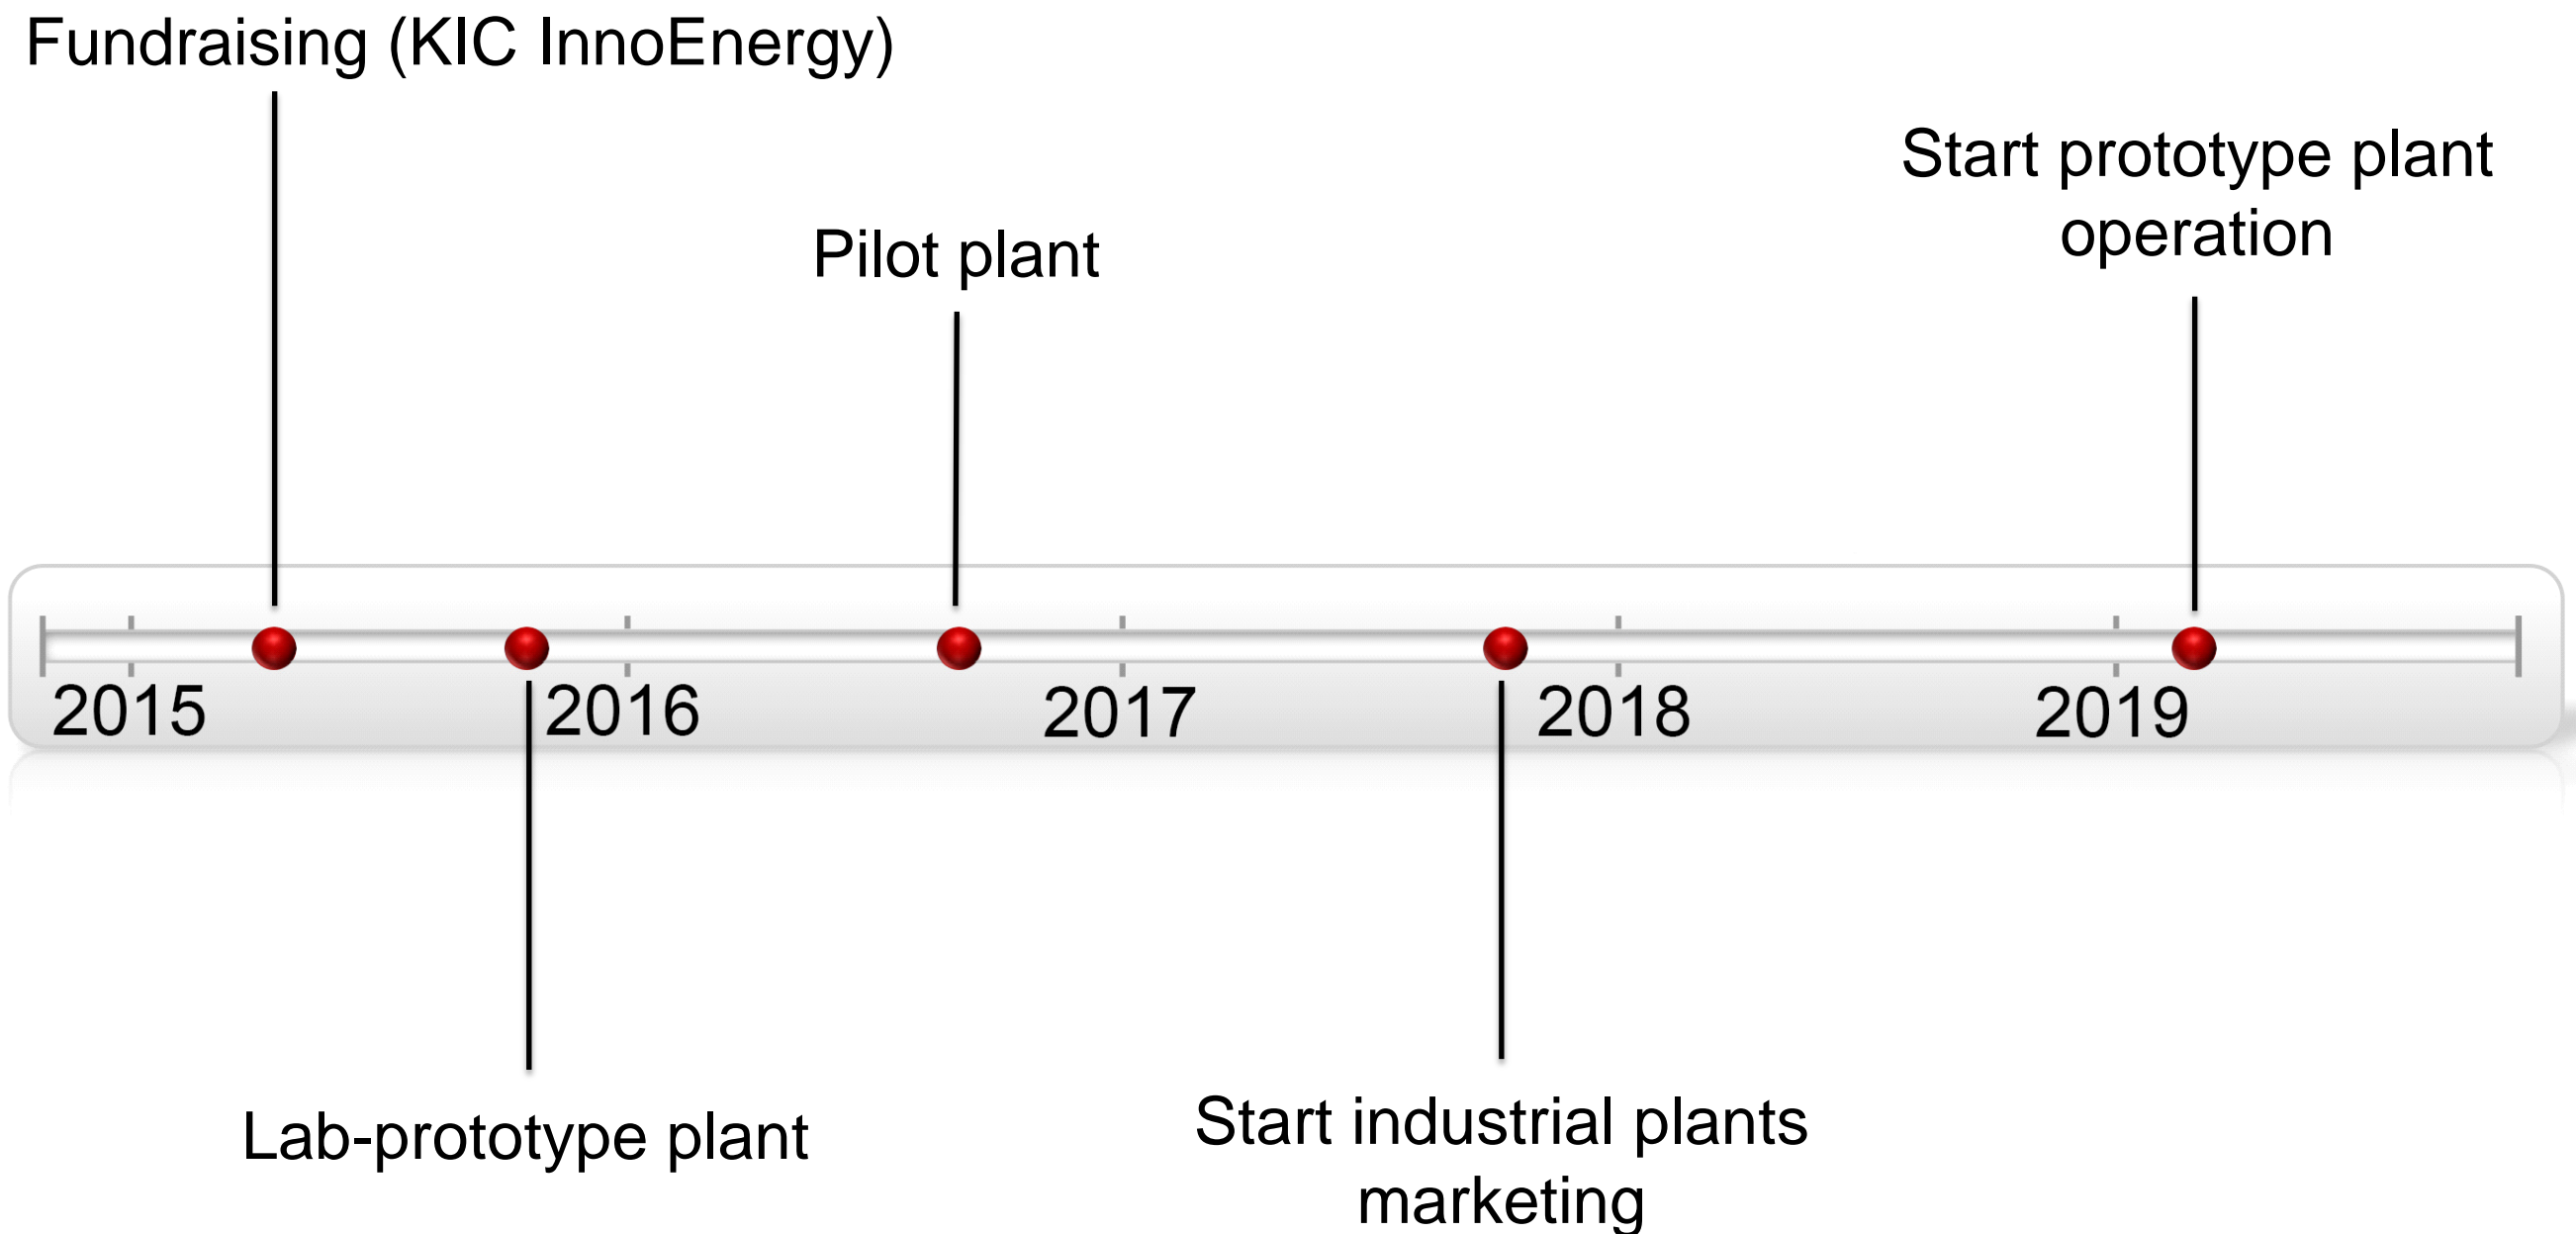

- Consulting and concepts (electricity and fuel production technologies, CO<sub>2</sub> reduction possibilities, energy storage systems etc.)

- Upgrading of existing fermentation plants for the production of organic acids

# From funding to industrial production

## Our Thematic Fields

Clean Coal and Gas Technologies

Renewable Energies

Energy Storage

Smart and Efficient Buildings and Cities

Energy Efficiency

Smart Electric Grid

Energy from Chemical Fuels

Sustainable Nuclear and Renewable Convergence

Thematic fields of Infinite Fuels GmbH

# Technical cooperations up to now ...

# Thanks for your attention

Infinite Fuels GmbH  
Kurfuerstendamm 194, D-10707 Berlin, Germany  
**Exhibition Level B, Booth No. 86**
