

PHOTO CONTEST

Photo Contest Rules

Term:

InnoEnergy's 1st Photo Contest begins July 1, 2018, and ends September 15, 2018, at 5:00 PM CET. By submitting an entry, each contestant agrees to the rules of the contest and states that he or she is 18 years old or older.

Who may enter:

Photographers may enter upon invitation from InnoEnergy.

What to enter:

The following 2 contest categories are drawn from subjects of special interest to innoenergy.com:

- 1. Energy in science and technology:** Animals, plants and landscapes; geological or climatological features; and scientific processes and endeavors.
- 2. People and Energy:** The social impact of energy, the way people relate to energy.

Cropped photos are eligible in all categories. We do not accept digitally or otherwise enhanced or altered photos. Minor adjustments, including spotting, dodging and burning, sharpening, contrast and slight color adjustment or the digital equivalents, are acceptable for all categories. If the judges determine that a photographer has altered his or her photo, they reserve the right to disqualify it.

For a photo in which a person is recognizable, you must secure a model release from the subject or, in the case of a minor, the subject's parent or guardian and provide it to InnoEnergy upon request. [A sample model release is available here.](#) Similarly, entrants whose photos depict other people's work (such as sculptures, statues, paintings, and other copyrightable works) may need to obtain a release from the rights holder and provide it to InnoEnergy upon request. When photographing the work of others, it must be as an object in its environment and not a full-frame close-up of another person's creation. [A sample art release is available here.](#)

Photographs that have won other major photo contests, either online or in print, as determined by InnoEnergy, are not eligible for submission. We define winning as having won a grand prize or 1st, 2nd or 3rd place overall. Photos that violate or infringe upon another person's rights, including but not limited to copyright, are not eligible.

Photos that contain sexually explicit, obscene, violent or other objectionable or inappropriate content, as determined by InnoEnergy in its sole discretion, are ineligible for all categories of this contest.
